Generators Engineered

To The Highest Standards

Our Clients

Since 2020, Haifeng Power has been the trusted power solutions partner for ZPMC, a renowned Chinese state-owned multinational engineering firm recognized globally for its leadership in rubber tire crane structure manufacturing. In 2025, Haifeng Power played a key role in multiple seaport construction projects with Maersk, a leading Danish shipping and logistics company, delivering reliable power solutions designed to withstand the challenging environmental conditions of seaports, including exposure to saltwater and high humidity.

Haifeng Power

Haifeng Power is a leading OEM specializing in high-quality electric power generation equipment. We offer both standard and customized generators, along with a range of other related services. With over 30 years of experience, we have built a robust marketing and service network spanning more than five continents and partnering with over 20 overseas OEM distributors.

- **POWERED BY CUMMINS**
- 50HZ
Power Range: 21-2000kWe
EU Stage Emission Options Available
- 60HZ
Power Range: 25-1500kWe

- **POWERED BY PERKINS**
- 50HZ
Power Range: 9-2500kWe
EU Stage Emission Options Available
- 60HZ
Power Range: 13-1500kWe

- **POWERED BY VOLVO**
- 50HZ
Power Range: 85-770kWe
EU Stage Emission Options Available
- 60HZ
Power Range: 68-640kWe

- **POWERED BY YANMAR**
- 50HZ
Power Range: 8.8-62kWe
EU Stage Emission Options Available
- 60HZ
Power Range: 8-55kWe

- **POWERED BY ISUZU**
- 50HZ
Power Range: 20-300kWe
EU Stage Emission Options Available
- 60HZ
Power Range: 25-300kWe

- **POWERED BY HYUNDAI INFRACORE**
- 50HZ
Power Range: 20-50kWe
EU Stage Emission Options Available
- 60HZ
Power Range: 25-900kWe

- **POWERED BY MTU**
- 50HZ
Power Range: 450-3300kWe
EU Stage Emission Options Available
- 60HZ
Power Range: 25-3200kWe

- **POWERED BY MITSUBISHI**
- 50HZ
Power Range: 670-2000kWe
EU Stage Emission Options Available
- 60HZ
Power Range: 550-2200kWe

- **POWERED BY SCANIA**
- 50HZ
Power Range: 250-640kWe
EU Stage Emission Options Available
- 60HZ
Power Range: 250-700kWe

- **POWERED BY DEUTZ**
- 50HZ
Power Range: 60-825kWe
EU Stage Emission Options Available
- 60HZ
Power Range: 65-660kWe

- **POWERED BY JOHN DEERE**
- 50HZ
Power Range: 30-400kWe
EU Stage Emission Options Available
- 60HZ
Power Range: 30-400kWe

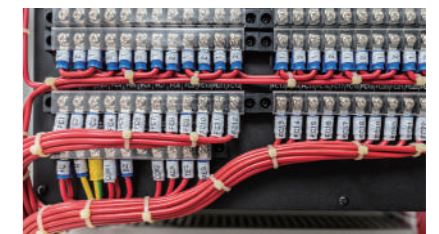

- **POWERED BY YUNNEI**
- 50HZ
Power Range: 20-400kWe
EU Stage Emission Options Available
- 60HZ
Power Range: 30-400kWe

Easy Connection & Transportation

- Low Voltage (LV): 127/220V 3PH, 230/400V 3PH 50HZ/60HZ Output Options.
- Medium Voltage (MV): 6 kV, 11 kV, 33 kV Distribution Options.
- IP66 Cabinet / Dual Walled Fuel Tank / CSC Certified Container Upgrade Options.

Electrical Standards & Fire Safety

- Available Wiring Codes & Standards:
- Europe Union, Asia Pacific * Africa: IEC 60445:2021 & CE Certified Components.
 - Australia & New Zealand: AS/NZS 3000:2018 & SAA Certified Components.
 - Each of our products ships with wiring diagrams to ensure traceability and simplify troubleshooting.
